We have state-of-the-art production lines equipped with advanced circular and flat knitting machines, ensuring the highest levels of precision and quality in fabric manufacturing.

Our in-house dyeing facility is equipped with the latest dyeing and finishing technologies, allowing us to maintain full control over color consistency and fabric finishing.

Additionally, we offer custom printing services using cutting-edge techniques to deliver unique designs tailored to our clients' needs with accuracy and innovation.

Al-Omar Group is a leading fabric manufacturing and supply company, offering high-quality textiles tailored to the needs of factories, brands, and wholesalers. We operate with both circular and flat knitting machines, along with our own dyeing house to ensure top-tier fabric quality. Additionally, we provide custom printing services to meet diverse client demands.
